

CITY OF CAPE TOWN | ISIXEKO SASEKAPA | STAD KAAPSTAD

THIS CITY WORKS FOR YOU

The Cape Town Green Map project is into its fourth year this year.

The project was kick started by the 2010 FIFA® Soccer World Cup and associated GreenGoal Programme and has continued as one of the enduring Green Goal legacy projects.

“Use the Cape Town Green Map to make greener lifestyle choices and experience the Mother City’s wealth of sustainable resources”

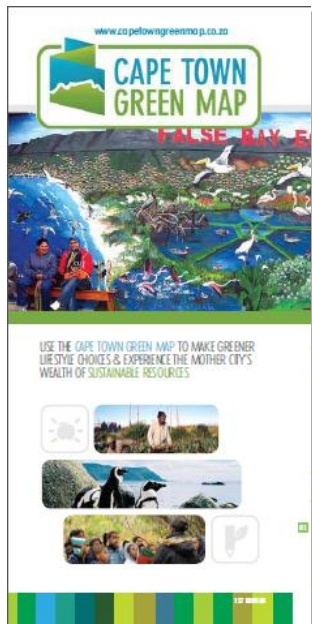

A Green Goal 2010 Legacy Project on the move

CITY OF CAPE TOWN | ISIXEKO SASEKAPA | STAD KAAPSTAD

THIS CITY WORKS FOR YOU

We have successfully sourced funding for and published 4 Print edition Cape Town Green Maps! Our 3rd Edition even had the Mayor of Cape Town on the cover! 4th Edition is in press.

The maps have been used to communicate the City's "Green" messaging & themes.

Electricity Savings

Biodiversity

Waste Reduction & Recycling

Public Transport and Non-Motorised transport Options

Growing the Cape Town Green Map Brand

The Cape Town Green Map is poised to be a very successful communication platform for “Green” Cape Town.

With limited resources we have managed to harness the power of social media, regular web content, print maps and direct contact with many stakeholders.

But the proof is in the pudding.....

Cape Town Green Map Webstats

Building partnerships is key to broadening community involvement and engagement. The was project was established as a private sector / public sector initiative which has proved to be a very successful way to implement a project of this nature.

The Cities of Johannesburg and Durban have joined us on our “Green” campaign

CITY OF CAPE TOWN | ISIXEKO SASAKAPA | STAD KAAPSTAD

THIS CITY WORKS FOR YOU

"Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has."
- Margaret Mead

Green tip

Shower instead of bathing
The average bath uses up to 100 litres of water, so taking a short shower is a much greener option...
